KOOM
Escape Rooms

CAN YOU ESCAPE THE HAUNTED GRAVEYARD?

You are trapped into a graveyard at midnight. The howling winds flow across the landscape and darkness cloaks the night with a haunting message. You hear a voice whispering your name, leading you towards an old crypt. Enticed, you follow the voice, which is tinged with sadness and worry, yet seems oddly familiar. You enter the door and you hear a click - you then realize you have stepped into a trap. The hidden basement contains the sins of ghosts which haunt the graveyard, and your only chance of escape is to bypass the traps, find the sun and unlock the secrets within.

Can you escape the Haunted Crypt?

A GOLDEN DIABETES ADVICE DURING RAMADAN

With the correct guidance, many people with diabetes can fast safely during Ramadan but they must be under close supervision and be made aware of the risks.

Visit your doctor 6-8 weeks before Ramadan¹

Seek advice to know if there is any need to adjust your diet, timing or the type of medication to account for fast.²

If you are on insulin, conduct a trial fast for 3 days before Ramadan and discuss the results with your doctor.³

Appropriate blood studies should be ordered and evaluated in⁴

Control blood glucose

A GOLDEN DIABETES ADVICE DURING RAMADAN

With the correct guidance, many people with diabetes can fast safely during Ramadan but they must be under close supervision and be made aware of the risks.

Stay physically active¹

Light-to-moderate exercise should be encouraged during Ramadan to avoid increased risk of hypoglycaemia and/or dehydration.²

- Tarawih prayers [such as bowing, kneeling and rising] should be considered part of your daily exercise activities³
